QIMONDA AG,

Debtor in a Foreign Proceeding.

Case No. 09-14766 (RGM)

(Chapter 15)

**ORDER GRANTING THE DEBTOR'S MOTION TO AMEND THE
SUPPLEMENTAL ORDER**

This matter came before the Court on the Motion (the "*Motion*") of Dr. Michael Jaffé, in his capacity as the duly authorized foreign representative (the "*Foreign Representative*" or the "*Administrator*") to Amend this Court's Supplemental Order, dated July 22, 2009. Based upon the Court's consideration of the submissions of the parties, the evidence and argument presented at the hearing on this Motion, and for the reasons herein,

IT IS HEREBY ORDERED:

1. The Motion is **GRANTED**.¹
2. The application of Section 365 to the instant proceeding shall not in any way limit or restrict (i) the right of the Administrator to elect performance or non-performance of agreements under Section 103 German Insolvency Code or such other applicable rule of law in the Foreign Proceeding, or (ii) the legal consequences of such election; provided, however, if upon a motion by the Administrator under Section 365 of the Bankruptcy Code, the Court enters an Order providing for the assumption or rejection of an executory contract, then Section 365 shall apply without limitation solely with respect to the contracts subject to such motion.
3. No additional rights are afforded to creditors, or obligations imposed upon the Administrator, under Section 365(n) of the Bankruptcy Code as a result of any such election by the Administrator under Section 103 of the German Insolvency Code.

¹ Defined terms not otherwise defined herein shall have the meaning ascribed to them in the Motion.

4. Accordingly, the Supplemental Order shall be amended as set forth in the annexed Exhibit A by adding the following proviso to the end of Paragraph 4 of such order: "provided, however, Section 365(n) applies only if the Foreign Representative rejects an executory contract pursuant to Section 365 (rather than simply exercising the rights granted to the Foreign Representative pursuant to the German Insolvency Code)."

QIMONDA AG,

Debtor in a Foreign Proceeding.

Case No. 09-14766-RGM
(Chapter 15)

AMENDED SUPPLEMENTAL ORDER

This case was before the court on July 22, 2009, on the petition of Dr. Michael Jaffé in his capacity as the foreign representative (the "Foreign Representative") of Qimonda AG for recognition of a foreign proceeding over Qimonda AG and the objections to it. The petition was granted, but in light of the matters raised, it is appropriate to grant further relief under 11 U.S.C. §1521. Upon consideration of which, it is

ORDERED:

U.S. Debtor Parties Carve Out.

(a) Qimonda Richmond, LLC, Qimonda North America Corp. and the Official Committee of Unsecured Creditors of the U.S. Debtors (the "U.S. Debtor Parties") are granted relief from the automatic stay imposed by §362(a)(1) to proceed in the United States Bankruptcy Court of the District of Delaware to determine any right, obligation or claim they have against Qimonda AG,

including, without limitation, the adversary proceeding entitled *The Official Committee of Unsecured Creditors et al v. Qimonda AG*, Case No. 09-51060-MFW, now pending in the Delaware Bankruptcy Court (the "IP Adversary").

(b) Qimonda AG and the U.S. Debtor Parties consent to the jurisdiction of the Delaware Bankruptcy Court for the matters set forth in this paragraph; provided, however, that Qimonda AG reserves the right to object or argue that any particular controversy between Qimonda AG and the U.S. Debtor Parties should be determined by a competent German court, rather than the Delaware Bankruptcy Court; provided, further, that nothing herein shall be deemed to be a waiver of the protections under, or a lifting of, the automatic stay arising under §362(a) of the Bankruptcy Code in the U.S. Debtors' chapter 11 cases.

2. Authority of Foreign Representative.

(a) The Foreign Representative shall be the sole and exclusive representative of Qimonda AG in the United States and shall administer the assets of Qimonda AG within the territorial jurisdiction of the United States.

(b) The Foreign Representative is hereby authorized to examine witnesses, take evidence, seek production of documents, and deliver information concerning the assets, affairs, rights, obligations or liabilities of Qimonda AG under the law of the United States, as such information is required in the German Proceedings; provided, however, the Foreign Representative may seek any of the foregoing from the U.S. Debtor Parties under Section 1521 of the Bankruptcy

Code or otherwise but only upon notice and motion before the Delaware Bankruptcy Court, and subject to the right of parties in interest, including the U.S. Debtor Parties, to object.

3. *In the Matter of Certain Semiconductor Integrated Circuits Using Tungsten Metallization*, Inv. No. 337-TA-648. The applicability of 11 U.S.C. §362(b)(4) to this proceeding is taken under advisement.

4. *Additional Provisions Applicable in this Case*. Pursuant to 11 U.S.C. §1521(a) and in addition to those sections made applicable pursuant to §1520, the following sections of title 11 of the United States Code are also applicable in this proceeding: §§305-307, 342, 345, 349, 350, 364-366, 503, 504, 546, 551, 558; provided, however, Section 365(n) applies only if the Foreign Representative rejects an executory contract pursuant to Section 365 (rather than simply exercising the rights granted to the Foreign Representative pursuant to the German Insolvency Code). Notwithstanding the foregoing, the Foreign Representative's compensation shall be determined in accordance with applicable German or European law.

5. *Termination of Preliminary Injunction*. The Order Issuing Preliminary Injunction entered on the docket on July 2, 2009 (Docket Entry 36) terminates upon entry of this order; provided, however:

(a) The Debtor shall be bound by the United States International Trade Commission's ruling on the claim construction and the validity of the asserted patent, U.S. Patent No. 5,227,335 unless said ruling is reversed or otherwise modified by a court of competent jurisdiction.

(b) In the event the ITC issues an exclusion order in the LSI Action, this court, upon proper motion, may grant such further relief as may be appropriate.

6. Service of Copy of Recognition Order. The Foreign Representative shall serve a copy of the Recognition Order and this order by United States mail, first class postage prepaid, on all known creditors in the United States of whose address Qimonda AG or the Petitioner is aware (or their respective counsel) on or before July 29, 2009.

7. Availability of Chapter 15 Pleadings. The Foreign Representative shall make available all Chapter 15 Pleadings upon request to the Foreign Representative's U.S. counsel, Morrison & Foerster LLP, 1290 Avenue of the Americas, New York, New York 10104 (Attention: Brett H. Miller and Todd M. Goren).

QIMONDA AG,

Debtor.

Case No. 09-14766-RGM
(Chapter 15)

MEMORANDUM OPINION

THIS CASE is before the court on the motion of Dr. Michael Jaffé in his capacity as the duly authorized foreign representative of Qimonda AG to amend the supplemental recognition order entered by this court. On July 22, 2009, this court entered an order granting the petition of Dr. Michael Jaffé to recognize the German insolvency proceeding of Qimonda AG. It also entered a supplemental order providing among other matters that §365 of the United States Bankruptcy Code would be applicable to this chapter 15 case.

The application of §365 to this case substantially undermines the provisions of the German Insolvency Code, particularly §103, which addresses how executory contracts are dealt with under the German Insolvency Code. Both the United States Bankruptcy Code and the German Insolvency Code recognize that executory contracts must be addressed in some manner in bankruptcy proceedings. Under the German Insolvency Code, the administrator may elect non-performance. Under the United States Bankruptcy Code, the trustee may reject an executory contract, however, there are certain rights parties to executory contracts retain. These rights are inconsistent with those provided under the German Insolvency Code. The foreign representative requests that the supplemental order be modified to exclude §365 so that there is no question that the German Insolvency Code controls in these circumstances.

The objecting parties are principally parties who have licenses or have licensed intellectual property, particularly patents. They fear that they will be treated less favorably under the German Insolvency Code than under the United States Bankruptcy Code and understandably prefer that the United States Bankruptcy Code control the disposition of their executory contracts and their rights.

The purposes of chapter 15 were enunciated by Congress in §1501. Chapter 15 is designed to further cooperation between courts of the United States and of foreign countries involved in cross-border insolvency cases; to provide greater legal certainty for trade and investment; to promote fair and efficient administration of cross-border insolvencies that protects the interests of all creditors, the debtor and other interested entities; the protection and maximization of the value of the debtor's assets; and the facilitation of the rescue of financially troubled businesses. 11 U.S.C. §1501(a). Chapter 15 is an effort to assist in providing a systematic and consistent resolution to cross-border insolvencies. Undoubtedly, there will be conflicts between various insolvency codes as each nation enacts its own insolvency code which it feels is best suited to its circumstances. The conflict between §103 of the German Insolvency Code and §365 of the United States Bankruptcy Code is such an example.

The principal idea behind chapter 15 is that the bankruptcy proceeding be governed in accordance with the bankruptcy laws of the nation in which the main case is pending. In this case, that would be the German Insolvency Code. Ancillary proceedings such as the chapter 15 proceeding pending in this court should supplement, but not supplant, the German proceeding.

That objective is particularly relevant in this case where there are many international patents. The patents themselves are issued under the laws of various nations. While there may be multiple international patents, the multiple international patents protect the same idea, process or invention

in the country that issued the patent. If the patents and patent licenses are dealt with in accordance with the bankruptcy laws of the various nations in which the licensees or licensors may be located or operating, there will be many inconsistent results. In fact, the same idea, process or invention may be dealt with differently depending on which country the particular ancillary proceeding is brought. Rather than having a coherent resolution to Quimonda's patent portfolio, the portfolio may be shattered into many pieces that can never be reconstructed. In this case, Qimonda licensed its patents to companies that are operating in various nations. It is clear that the patent rights are not being exploited solely, and even possibly principally, in the United States. In fact, they are being utilized throughout the world. If the laws of the various nations in which the patents are being used would be applicable, there will be many different treatments of the patents that have been licensed by Qimonda AG and many different and inconsistent results throughout the world. This is detrimental to a systematic bankruptcy proceeding and detrimental to the resolution of the German bankruptcy proceeding itself. It diminishes the value of these assets. It results in an inefficient insolvency administration. It may well be detrimental to parties who are or wish to license the patents. It is not difficult to envision that if the patent portfolio is splintered without overall administration or control, some parties may be left with incomplete patent protection. Holding an American patent without holding a patent enforceable in the Europe may significantly restrict its use and utility. This is at odds with the Congressionally stated purposes in §1501.

Some of the licensees complain that they paid valuable consideration, indeed millions of dollars, for licensing rights. Under the German Insolvency law, the administrator may, they argue, in essence, terminate the license and submit the license for sale on the open market by exercising his right of non-performance. This may cause them to bid for licenses for which they have already

paid. This is an unfortunate but an inevitable result of the bankruptcy of any company. Parties with who a debtor has dealt may be adversely affected by the bankruptcy. The essential question is how to deal with business failures. Congress determined in enacting chapter 15 to cooperate on an international basis and to give precedence to the main proceeding.

Some licensees also argue that the result under §365 of the United States Bankruptcy Code is, in fact, the same result that will be obtained under §103 of the German Insolvency Code. The administrator does not agree and it is clear that the dispute must be resolved by litigation if no amicable resolution is achieved. The legal theory arises under German law and is best resolved by German courts. It should not be complicated by superimposing §365 on the analysis.

All the patents should be treated the same. There should not be disparate results simply because of the location of a factory or research facility or corporate office. This would be the result if the supplemental order were left in place. It is clear that the inclusion of §365 in the supplemental order was improvident. It had unintended consequences that significantly and adversely affect the main proceeding in Germany.

The court retains the jurisdiction to modify the supplemental order from time to time to address the exigencies of a case as the case matures and to further the Congressional objectives of chapter 15. *See* 11 U.S.C. §§105 and 1522(c).

The motion of the foreign administrator will be granted and the supplemental order will be amended.
